orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed order regulating the handling of milk in the Upstate Michigan marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure

and wholesome milk and be in the public interest;

(3) The said order regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held;

(4) All milk and milk-products handled by handlers, as defined in this order, are in the current of interstate commerce or directly burden, obstruct, or affect interstate commerce in milk or its products; and

(5) It is hereby found that the necessary expenses of the market administrator for the maintenance and functioning of such agency will require the payment by each handler, as his pro rata share of such expense, 5 cents per hundredweight or such amount not exceeding 5 cents per hundredweight as the Secretary may prescribe, with respect to all receipts within the month of milk from producers and other source milk which is classified as Class I milk and which is not subject to administrative assessment under another Federal order.

(b) *Additional findings.* In view of the fact that this order will constitute the original imposition of a regulatory program of this nature for the market, the provisions other than those relating to prices and payments to producers should be put into effect prior to the effective date of the provisions relating to prices and payments to producers, in order that handlers may have opportunity to make necessary adjustments in their accounting and other operational procedures to conform with all provisions of the order. As of the date upon which the record hearing and reporting provisions become effective, the only action required of handlers is the taking of a physical inventory of milk and milk products on hand. Reasonable time will have been afforded parties to prepare to comply with the aforesaid provisions. It is hereby found and determined, in view of the aforesaid facts and circumstances that good cause exists for making all of the terms and provisions of this order except §§ 916.22 (i) 916.50 through 916.72, 916.74 and 916.75 effective on October 16, 1955 and that it would be contrary to the public interest to delay such effective date beyond that specified.

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order which is marketed within the Upstate Michigan marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order is the only practical means, pursuant to the

declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order is approved or favored by at least three-fourths of the producers who participated in a referendum on the question of approval of its issuance and who during the determined representative period (June, 1955) were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Upstate Michigan marketing area shall be in conformity to and in compliance with the following terms and conditions as set forth below:

DEFINITIONS

§ 916.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 601 et seq.).

§ 916.2 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States, or any other officer or employee of the United States authorized to exercise the powers or to perform the duties of the Secretary of Agriculture.

§ 916.3 *U. S. D. A.* "U. S. D. A." means the United States Department of Agriculture.

§ 916.4 *Person.* "Person" means any individual, partnership, corporation, association, or any other business unit.

§ 916.5 *Upstate Michigan marketing area.* "Upstate Michigan marketing area" hereinafter referred to as the "marketing area" means all of the territory, including all municipal corporations, within: the counties of Manistee, Benzie, Grand Traverse, Kalamazoo, Crawford, Leelanau, Antrim, Otsego, Charlevoix, Emmett, and Cheboygan; Presque Isle County except for the civil townships of Krakow and Presque Isle; and the Townships of Wexford, Springville, and Hanover in Wexford County.

§ 916.6 *Fluid milk plant.* "Fluid milk plant" means all the premises, buildings, and facilities of any milk receiving, processing, or packaging plant from which:

(a) Any fluid milk product is disposed of during the month in the marketing area either on the premises or to retail or wholesale routes, directly or through vendors; or

(b) Milk or skim milk is delivered to a plant(s) described in paragraph (a) of this section on 11 or more days in any of the months of July through November or on 6 or more days in any of the months of December through June; and all or a portion of the skim milk and butterfat in the milk or skim milk so delivered is assigned to Class I utilization in the transferee plant pursuant to § 916.46 or § 916.47.

§ 916.7 *Handler.* "Handler" means (a) a person who operates a fluid milk plant or any other plant from which fluid milk products are disposed of during the month in the marketing area, or (b) a

cooperative association with respect to milk customarily received by a handler as described under paragraph (a) of this section, which is diverted to a non-handler for the account of the association.

§ 916.8 *Producer.* "Producer" means a person, other than a producer-handler, who produces milk in conformity with the sanitation requirements of any duly constituted health authority relating to milk for consumption in the marketing area in the form of a fluid milk product, which milk is received directly from the farm at a fluid milk plant or is diverted from such plant for the account of a cooperative association.

§ 916.9 *Producer-handler.* "Producer-handler" means a person who is a handler and who produces milk, but receives no milk from other producers.

§ 916.10 *Producer milk.* "Producer milk" means milk delivered by one or more producers.

§ 916.11 *Other source milk.* "Other source milk" means all skim milk and butterfat received at a fluid milk plant in any form, other than that contained in producer milk.

§ 916.12 *Cooperative association.* "Cooperative association" means any cooperative marketing association of producers, duly organized as such under the laws of any State, which the Secretary determines:

(a) To be qualified under the standards set forth in the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act;"

(b) To have full authority in the sale of milk of its members; and

(c) To be engaged in making collective sales or marketing milk or its products for its members.

§ 916.13 *Fluid milk product.* "Fluid milk product" means milk, flavored milk, skim milk, buttermilk, or half-and-half.

MARKET ADMINISTRATOR

§ 916.20 *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal by, the Secretary.

§ 916.21 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend amendments to the Secretary.

§ 916.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including, but not limited to the following:

(a) Within 30 days following the date on which he enters upon his duties, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon such duties and conditioned

upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary.

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(d) Pay, out of the funds provided by § 916.73:

(1) The cost of his bond and of the bonds of his employees,

(2) His own compensation, and

(3) All other expenses, except those incurred under § 916.74, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided in this part, and, upon request by the Secretary, surrender the same to such other person as the Secretary may designate;

(f) Publicly announce, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the name of any person who, within 10 days after the day upon which he is required to perform such acts, has not made (1) reports pursuant to §§ 916.30 and 916.31, or (2) payments pursuant to §§ 916.70, 916.72, 916.73, and 916.74,

(g) Submit his books and records to examination by the Secretary and furnish such information and reports as may be requested by the Secretary.

(h) Audit records of all handlers to verify the reports and payments required pursuant to the provisions of this part; and

(i) Publicly announce the prices determined for each month as follows:

(1) On or before the 5th day of each month, the minimum class prices for the preceding month computed pursuant to §§ 916.51 and 916.52, and the handler butterfat differential computed pursuant to § 916.53, and

(2) On or before the 12th day of each month the uniform price for each handler for the preceding month, computed pursuant to § 916.61, and the producer butterfat differential computed pursuant to § 916.71.

REPORTS, RECORDS, AND FACILITIES

§ 916.30 *Monthly reports of receipts and utilization.* On or before the 5th working day of each month, each handler shall report to the market administrator for the preceding month, in the detail and on forms prescribed by the market administrator, the following with respect to (a) all producer milk received, (b) all skim milk and butterfat in any form received from other handlers, and (c) all other source milk (except any nonfluid milk product which is disposed of in the same form as received) received at a plant(s) described in § 916.6:

(1) The quantities of butterfat and skim milk contained in such receipts, and their sources;

(2) The utilization or disposition of such receipts; and

(3) Such other information with respect to such receipts and their utilization or disposition as the market administrator may prescribe.

§ 916.31 *Other reports.* (a) Each producer-handler and each handler shall make reports at such time and in such manner as the market administrator may request.

(b) On or before the 20th day of each month each handler who received milk from producers shall report his producer payroll for the preceding month which shall show:

(1) The pounds of milk received from each producer and the percentage of butterfat contained therein;

(2) The amount and date of payment to each producer (or to a cooperative association), and

(3) The nature and amount of each deduction or charge involved in the payments referred to in subparagraph (2) of this paragraph.

§ 916.32 *Records and facilities.* Each handler shall maintain and make available to the market administrator, during the usual hours of business, such accounts and records of all of his operations and such facilities as are necessary to verify reports or to ascertain the correct information with respect to (a) the receipts and utilization or disposition of all skim milk and butterfat received, including all milk products received and disposed of in the same form, (b) the weights and tests for butterfat, skim milk and other contents of all milk and milk products handled, and (c) payments to producers and cooperative associations.

§ 916.33 *Retention of records.* All books and records required under this part to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the month to which such books and records pertain: *Provided*, That, if within such three-year period, the market administrator notifies a handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records until further written notification from the market administrator. The market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 916.40 *Skim milk and butterfat to be classified.* All skim milk and butterfat received at a handler plant (a) in milk from producers or from a cooperative association, (b) in any form from other handlers, and (c) in other source milk required to be reported pursuant to § 916.30, shall be classified (separately as skim milk and butterfat) in the classes set forth in § 916.41.

§ 916.41 *Classes of utilization.* Subject to the conditions set forth in §§ 916.42 and 916.43, the classes of utilization shall be:

(a) Class I utilization shall be all skim milk and butterfat (1) disposed of for consumption in fluid form as milk, flavored milk, skim milk, buttermilk, and half-and-half or other mixtures of cream and milk containing less than 18 percent butterfat; and (2) not accounted for as Class II utilization.

(b) Class II utilization shall be all skim milk and butterfat (1) used to produce any product other than those specified in paragraph (a) of this section; (2) disposed of as fluid cream or for livestock feed or skim milk dumped subject to prior notification to and inspection (at his discretion) by the market administrator; (3) in shrinkage of producer milk up to 2 percent of receipts from producers; or (4) in shrinkage of other source milk.

§ 916.42 *Shrinkage.* (a) If producer milk is utilized in conjunction with other source milk, the shrinkage shall be allocated pro rata between the receipts of skim milk and butterfat in producer milk and other source milk.

(b) Producer milk transferred by a handler to another handler without first having been received for the purpose of weighing and testing in the transferor handler's plant shall be included in the receipts at the plant of the transferee handler for the purpose of computing his shrinkage and shall be excluded at the plant of the transferor handler in computing his shrinkage.

§ 916.43 *Transfers.* (a) Skim milk and butterfat disposed of from a fluid milk plant to another handler in the form of milk or skim milk shall be Class I utilization, unless Class II utilization is indicated by both handlers in their reports submitted pursuant to § 916.30: *Provided*, That in no event shall the amount so classified in Class II be greater than the amount of producer milk used in such class by the transferee handler after allocating other source milk in his plant in series beginning with the lowest priced utilization.

(b) Skim milk and butterfat moved in the form of milk or skim milk from a fluid milk plant to a person not a handler shall be Class I utilization unless all of the following conditions are met:

(1) Class II utilization is indicated by the handler in his report submitted pursuant to § 916.30;

(2) The operator of the transferee plant had actually used in the month of such movement an equivalent amount of skim milk and butterfat in Class II, or moved such amount to another plant not operated by a handler which meets the requirements of subparagraph (3) of this paragraph and utilized in the month an equivalent amount of skim milk and butterfat in Class II.

(3) The operator of the transferee plant maintains books and records which are made available if requested by the market administrator and which are adequate for the verification of such Class II utilization.

(c) Skim milk and butterfat disposed of from a fluid milk plant to a producer handler shall be Class I utilization.

§ 916.44 *Responsibility of handlers and reclassification.* All skim milk and butterfat shall be classified as Class I utilization unless the handler who first received such skim milk or butterfat proves to the market administrator that such skim milk or butterfat should be classified otherwise.

§ 916.45 *Computation of skim milk and butterfat in each class.* For each month the market administrator shall correct for mathematical and obvious errors the monthly report submitted by each handler and compute the total pounds of skim milk and butterfat, respectively, in Class I and Class II utilization for such handler.

§ 916.46 *Allocation of butterfat classified.* The pounds of butterfat remaining after making the following computations shall be the pounds in each class allocated to milk received from producers:

(a) Subtract from the total pounds of butterfat in Class II utilization, the pounds of butterfat shrinkage allowed pursuant to § 916.41 (b) (3)

(b) Subtract from the pounds of butterfat remaining in each class, in series beginning with the lowest priced utilization, the pounds of butterfat in other source milk received from a plant(s) other than those subject to another marketing agreement or order issued pursuant to the act;

(c) Subtract from the pounds of butterfat remaining in each class, in series beginning with the lowest priced utilization, the pounds of butterfat in other source milk received in bulk from a plant(s) which is subject to another marketing agreement or order issued pursuant to the act;

(d) Subtract from the pounds of butterfat in each class the pounds of butterfat contained in milk or milk products received in packaged form which were classified and priced under another marketing agreement or order issued pursuant to the act and disposed of in the same form as received.

(e) Subtract from the remaining pounds of butterfat in each class, the pounds of butterfat received from other handlers in such classes pursuant to § 916.43 (a) and

(f) Add to the remaining pounds of butterfat in Class II utilization the pounds subtracted pursuant to paragraph (a) of this section;

(g) If the remaining pounds of butterfat in all classes exceed the pounds of butterfat in milk received from producers, subtract such excess from the remaining pounds of butterfat in each class in series, beginning with the lowest-priced utilization.

§ 916.47 *Allocation of skim milk classified.* Allocate the pounds of skim milk in each class to milk received from producers in a manner similar to that prescribed for butterfat in § 916.46.

MINIMUM PRICES

§ 916.50 *Basic formula price.* The basic formula price to be used in deter-

mining the price per hundredweight of Class I utilization shall be the highest of the prices computed pursuant to paragraphs (a) (b) and (c) of this section.

(a) The average of the basic or field prices per hundredweight reported to have been paid, or to be paid, for milk of 3.5 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the U. S. D. A.

Present Operator and Location

Borden Co., Mount Pleasant, Mich.
Borden Co., New London, Wis.
Borden Co., Orfordville, Wis.
Carnation Co., Oconomowoc, Wis.
Carnation Co., Richland Center, Wis.
Carnation Co., Sparta, Mich.
Pet Milk Co., Coopersville, Mich.
Pet Milk Co., Hudson, Mich.
Pet Milk Co., Belleville, Wis.
Pet Milk Co., New Glarus, Wis.
Pet Milk Co., Wayland, Mich.
White House Milk Co., Manitowoc, Wis.
White House Milk Co., West Bend, Wis.

(b) The price per hundredweight computed by adding together the plus values computed pursuant to subparagraphs (1) and (2) of this paragraph:

(1) From the simple average, as computed by the market administrator, of the daily wholesale selling prices (using the mid-point of any price range as one price) of Grade A (92-score) bulk creamery butter per pound at Chicago as reported by the U. S. D. A. during the month; subtract 3 cents, add 20 percent thereof and multiply by 3.5.

(2) From the simple average, as computed by the market administrator, of the weighted averages of carlot prices per pound for nonfat dry milk solids, spray and roller process, respectively, for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the period from the 26th day of the immediately preceding month through the 25th day of the current month by the U. S. D. A., deduct 5.5 cents and then multiply by 8.2.

(c) The average of the basic or field prices per hundredweight reported to have been paid for milk of 3.5 percent butterfat content received from farmers during the month at the following plants:

Beatrice Foods Co., Cadillac, Mich.
Borden Co., Mount Pleasant, Mich.
Carnation Co., Sparta, Mich.
Kraft Cheese Co., Clare, Mich.

§ 916.51 *Class I milk price.* During the 18-month period following the effective date of this subpart the minimum price per hundredweight to be paid by each handler, f. o. b. his plant as described in § 916.6 for milk of 3.5 percent butterfat content received from producers or from cooperative associations, during the month, which is classified as Class I utilization shall be the basic formula price plus \$1.15.

§ 916.52 *Class II milk price.* The minimum price per hundredweight to be paid by each handler, f. o. b. his plant as described in § 916.7 for milk of 3.5 percent butterfat content received from producers or from a cooperative association, during the month, which is classified as Class II utilization, shall be the

price as computed by the market administrator pursuant to § 916.50 (c).

§ 916.53 *Handler butterfat differential.* There shall be added to or subtracted from, as the case may be, the prices of milk for each class as computed pursuant to §§ 916.51 and 916.52, for each one-tenth of one percent variation in the average butterfat test of the milk in each class above or below 3.5 percent an amount equal to the producer butterfat differential determined pursuant to § 916.71.

§ 916.54 *Handler location adjustments.* For milk which is received from producers at a fluid milk plant located more than 90 miles but not more than 100 miles, by shortest highway distance, as determined by the market administrator, from the court house in either Gaylord or Traverse City, whichever is closer, and utilized as Class I (prorating to such milk: the utilization of all producer milk received at the plant), the price shall be the price effective pursuant to § 916.51, less 18 cents, and less 1 cent additional for each 10 miles or fraction thereof over 100 miles.

HANDLER'S OBLIGATION AND UNIFORM PRICE

§ 916.60 *Value of producer milk.* The value of producer milk received by each handler during the month shall be the sum of money computed by the market administrator by multiplying the hundredweight of skim milk and butterfat in each class by the applicable class prices and adding together the resulting amounts, and adding or subtracting, as the case may be, the amount necessary to correct errors in classification for previous months as disclosed by audit of the market administrator: *Provided*, That, if a handler, after the subtraction of other source milk and receipts from other handlers, has disposed of skim milk or butterfat in excess of the skim milk or butterfat which on the basis of his reports for the month, pursuant to § 916.30, has been credited to his producers as having been received from them there shall be added to the value of his producer milk: a further amount computed by multiplying the pounds in each class as subtracted pursuant to § 916.46 (g) and the corresponding step of § 916.47 by the applicable class price.

§ 916.61 *Computation of uniform price.* For such month the market administrator shall compute for each handler a "uniform price" per hundredweight of producer milk of 3.5 percent butterfat content delivered to plants located in the marketing area, as follows:

(a) To the value computed pursuant to § 916.60 add an amount equal to the total value of the location differentials computed pursuant to § 916.72;

(b) Subtract from the value of milk computed for such handler pursuant to § 916.60, if the weighted average butterfat test of all producer milk represented by such value is greater than 3.5 percent or add, if the weighted average butterfat test of such milk is less than 3.5 percent, an amount computed by multiplying the total pounds of butterfat represented by the difference of such weighted average butterfat test from 3.5 percent, by the

butterfat differential computed pursuant to § 916.71 multiplied by 10;

(c) Adjust the resulting amount by the sum of money used in adjusting the uniform price, pursuant to paragraph (e) of this section for the previous month to the nearest cent;

(d) Divide the result by the total hundredweight of producer milk represented by the amounts computed pursuant to § 916.60; and

(e) Adjust the resulting figure to the nearest cent.

§ 916.62 *Notification.* On or before the 12th day after the end of each month, the market administrator shall mail to each handler, at his last known address, a statement showing for such month:

(a) The amount and value of his producer milk in each class;

(b) The uniform price for such handler computed pursuant to § 916.61, and the butterfat differential computed pursuant to § 916.71, and

(c) The amounts to be paid by such handler pursuant to §§ 916.72 and 916.73.

PAYMENT FOR MILK

§ 916.70 *Time and method of payment.* (a) Except as provided in paragraph (b) of this section, on or before the 15th day after the end of each month each handler who received milk from producers shall pay for milk received during such month to each producer for milk received from him the uniform price as provided in § 916.61 adjusted by the butterfat differential pursuant to § 916.71 and the location adjustment pursuant to § 916.72.

(b) (1) Upon receipt of a written request from a cooperative association which the Secretary determines is authorized by its members to collect payment for their milk and receipt of a written promise to reimburse the handler the amount of any actual loss incurred by him because of any improper claim on the part of the association, each handler shall pay to the cooperative association on or before the 16th day of each month, in lieu of payments pursuant to paragraph (a) of this section an amount equal to the gross sum due for all milk received from certified members, less amounts owing by each member-producer to the handler for supplies purchased from him on prior written order or as evidenced by a delivery ticket signed by the producer and submit to the cooperative association written information which shows for each such member-producer (i) the total pounds of milk received from him during the preceding month, (ii) the total pounds of butterfat contained in such milk, (iii) the number of days on which milk was received, and (iv) the amounts withheld by the handler in payment for supplies sold. The foregoing payment and submission of information shall be made with respect to milk of each producer whom the cooperative association certifies is a member, which is received on and after the first day of the calendar month next following receipt of such certification through the last day of the month next preceding receipt of notice from the cooperative association of a termination of membership or until the original re-

quest is rescinded in writing by the association.

(2) A copy of each such request, promise to reimburse, and a certified list of members shall be filed simultaneously with the market administrator by the association and shall be subject to verification at his discretion, through audit of the records of the cooperative association pertaining thereto. Exceptions, if any, to the accuracy of such certification by a producer claimed to be a member, or by a handler shall be made by written notice to the market administrator, and shall be subject to his determination.

§ 916.71 *Producer butterfat differential.* In making payments pursuant to § 916.70, the uniform price shall be increased or decreased for each one-tenth of one percent of butterfat content in the milk received from each producer or a cooperative association above or below 3.5 percent, as the case may be, by a butterfat differential of 7 cents when the average price of butter as described in § 916.50 (b) (1) is 60 cents, which differential shall be increased one-half cent for each full 5 cents variance in such price of butter above 60 cents and decreased one-half cent for each full 5-cent variance in such price of butter below 64.99 cents.

§ 916.72 *Producer location adjustments.* In making payments to producers or cooperative associations pursuant to § 916.70 a handler may deduct, with respect to all milk received by him from producers at a plant located by shortest highway distance as determined by the market administrator, more than 90 miles from the court house in either Gaylord or Traverse City area the amount per hundredweight applicable to the plant as set forth in § 916.54.

§ 916.73 *Expense of administration.* As his pro rata share of the expense of administration of this part, each handler shall pay to the market administrator on or before the 13th day after the end of each month 5 cents per hundredweight, or such amount not exceeding 5 cents per hundredweight as the Secretary may prescribe, with respect to all receipts within the month of milk from producers, including milk of such handlers' own production, and to any other source milk allocated to Class I pursuant to §§ 916.46 and 916.47.

§ 916.74 *Marketing services.* (a) Except as set forth in paragraph (b) of this section, each handler, in making payments pursuant to § 916.70 for milk received from each producer (including milk of such handler's own production) at a plant not operated by a cooperative association of which such producer is a member, shall deduct 5 cents per hundredweight, or such amount not exceeding 5 cents per hundredweight as the Secretary may prescribe, and, on or before the 13th day after the end of each month, shall pay such deductions to the market administrator. Such moneys shall be used by the market administrator to verify weights, samples, and tests of milk received from producers and to provide producers with market information, such services to be per-

formed by the market administrator or by an agent engaged by and responsible to him.

(b) In the case of producers whose milk is received at a plant not operated by a cooperative association of which such producers are members, and for whom a cooperative association is actually performing the services described in paragraph (a) of this section, as determined by the Secretary, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions from payments required pursuant to § 916.70 as may be authorized by such producers, and pay such deductions on or before the 13th day after the end of the month to the cooperative association rendering such services of which such producers are members.

§ 916.75 *Errors in payments.* Whenever audit by the market administrator of any handler's reports, books, records, or accounts discloses adjustments to be made, for any reason, which result in moneys due:

(a) To the market administrator from such handler,

(b) To such handler from the market administrator, or

(c) To any producer or cooperative association from such handler, the market administrator shall promptly notify such handler of any such amount due; and payment thereof shall be made on or before the next date for making payment set forth in the provision under which such error occurred, following the 5th day after such notice.

§ 916.76 *Overdue accounts.* Any unpaid obligation of a handler or of the market administrator pursuant to §§ 916.72, 916.73, and 916.74 shall be increased one-half of one percent on the first day of the month next following the due date of such obligation and on the first day of each month thereafter until such obligation is paid.

§ 916.77 *Termination of obligations.* (a) The obligation of any handler to pay money required to be paid under the terms of this part shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the month during which the market administrator receives the handler's report of utilization of the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain, but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to a cooperative association, the name of such producers or association, or, if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market

administrator or his representatives all books or records required by this order to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the month following the month during which such books and records pertaining to such obligation are made available to the market administrator or his representative.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or wilful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the month during which the payment (including deduction or set-off by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler, within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

APPLICATION OF PROVISIONS

§ 916.80 *Milk caused to be delivered by cooperative associations.* Milk referred to in this part as received from producers by a handler shall include milk of producers caused to be delivered to such handler by a cooperative association.

§ 916.81 *Producer-handler exemption.* A producer-handler shall be exempt from all provisions of this part except §§ 916.31, 916.32, and 916.33.

§ 916.82 *Handler Exemption.* A handler who operates a plant from which an average of less than 200 points (one point being defined as one-half pint of cream or one quart of any other Class I product) of Class I milk per day is disposed of in the marketing area during the delivery month on a route(s) operating wholly or partly within the marketing area, or a handler who operates a plant which the Secretary finds is subject, during the delivery month, to another Federal order shall, with respect to such plant, be exempted for such delivery period from all provisions of this subpart except §§ 916.31, 916.32, and 916.33.

§ 916.83 *Milk subject to other Federal orders.* Milk received at the plant of a handler at which the handling of milk is fully subject during the month to the pricing and payment provisions of another marketing agreement or order issued pursuant to the act and from which the disposition of Class I milk in the other Federal marketing area, either during the month or during the

average of the 12 preceding months, exceeds that in the Upstate Michigan marketing area shall be exempted for such month from all the provisions hereof except §§ 916.31, 916.32, and 916.33 unless the Secretary determines that such plant is more appropriately regulated under this part.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

§ 916.90 *Effective time.* The provisions of this part, or of any amendment to this part, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated.

§ 916.91 *When suspended or terminated.* The Secretary shall, whenever he finds that this part, or any provision thereof, obstructs or does not tend to effectuate the declared policy of the act, terminate or suspend the operation of this part or any such provision thereof.

§ 916.92 *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this part, there are any obligations thereunder the final accrual or ascertainment of which requires further acts by any person (including the market administrator), such further acts shall be performed notwithstanding such suspension or termination.

§ 916.93 *Liquidation.* Upon the suspension or termination of the provisions of this part, except this section, the market administrator, or such other liquidating agent as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office, dispose of all property in his possession or control, including accounts receivable, and execute and deliver all assignments or other instruments necessary or appropriate to effectuate any such disposition. If a liquidating agent is so designated all assets, books and records of the market administrator shall be transferred promptly to such liquidating agent. If, upon such liquidation, the funds on hand exceed the amounts required to pay outstanding obligations of the office of the market administrator and to pay necessary expenses of liquidation and distribution, such excess shall be distributed to contributing handlers and producers, in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 916.100 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions of this part.

§ 916.101 *Separability of provisions.* If any provision of this part, or its application to any person or circumstances, is held invalid the application of such provision, and of the remaining provisions of this part, to other persons or circumstances shall not be affected thereby.

Issued at Washington, D. C., this 13th day of October 1955, to be effective as follows: §§ 916.0 through 916.22 (h), 916.30 through 916.47, 916.73, and 916.76 through 916.101 shall be effective on and

after October 16, 1955, and all of the remaining terms and provisions of this order (§§ 916.22 (i) 916.50 through 916.72, 916.74, and 916.75) shall be effective on and after November 1, 1955.

[Valencia Orange Reg. 53]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 922.358 *Valencia Orange Regulation 58—(a) Findings.* (1) Pursuant to Order No. 22 (7 CFR Part 922), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective March 31, 1954, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Valencia Orange Administrative Committee held an open meeting on October 13, 1955, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto,

which cannot be completed on or before the effective date hereof.

(b) *Order* (1) The quantity of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., October 16, 1955, and ending at 12:01 a. m., P. s. t., October 23, 1955, is hereby fixed as follows:

- (i) District 1: Unlimited movement;
- (ii) District 2: 323,400 boxes;
- (iii) District 3: Unlimited movement.

(2) Valencia oranges handled pursuant to the provisions of this section shall be subject to any size restrictions applicable thereto which have heretofore been issued on the handling of such oranges and which are effective during the period specified herein.

(3) As used in this section, "handled," "handler," "boxes," "District 1," "District 2," and "District 3," shall have the same meaning as when used in said order.

[Lemon Reg. 611]

PART 953—LEMONS GROWN IN CALIFORNIA
AND ARIZONA

LIMITATIONS OF SHIPMENTS

§ 953.718 *Lemon Regulation 611*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 19 F. R. 7175; 20 F. R. 2913) regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable

time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on October 12, 1955, such meeting was held, after giving due notice, thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 16, 1955, and ending at 12:01 a. m., P. s. t., October 23, 1955, is hereby fixed as follows:

- (i) District 1: Unlimited movement;
- (ii) District 2: 150 carloads;
- (iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "carloads," "District 1," "District 2," and "District 3" shall have the same meaning as when used in the said amended marketing agreement and order.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter I—Commodity Exchange Authority (Including Commodity Exchange Commission), Depart- ment of Agriculture

PART 1—GENERAL REGULATIONS UNDER THE COMMODITY EXCHANGE ACT

INCREASE OF REGISTRATION FEES

By virtue of the authority vested in the Secretary of Agriculture under section 8a of the Commodity Exchange Act (7 U. S. C. 12a), as amended by Public Law

248, 84th Congress, 1st Session, approved August 5, 1955 (69 Stat. 535), and pursuant to notice published in the FEDERAL REGISTER on August 24, 1955 (20 F. R. 6193), Part 1 of Chapter I, Title 17, Code of Federal Regulations, as amended, is hereby further amended as follows:

1. By amending § 1.11 to read:

§ 1.11 *Registration fees; form of remittance.* Each application for registration, or renewal thereof, as futures commission merchant shall be accompanied by a fee of \$25. Each application for registration, or renewal thereof, as floor broker shall be accompanied by a fee of \$15. Duplicates of registration certificates may be procured on request upon payment of \$2 for each duplicate. Fees shall be remitted by money order, bank draft, or check, payable to the Commodity Exchange Authority, U. S. D. A. Applications and fees shall be forwarded to the Commodity Exchange Authority, United States Department of Agriculture, Washington 25, D. C.

2. By changing the headnote of § 1.12 to read: "*Posting of registration certificate.*"

3. By deleting the last paragraph of § 1.12.

Effective date. The foregoing amendments shall become effective upon publication in the FEDERAL REGISTER except that the present \$10 fee shall remain in effect with respect to applications for registration, or renewal thereof, for the period ending December 31, 1955.

These amendments in part implement section 8a (4) of the Commodity Exchange Act, as amended August 5, 1955, by Public Law 248, 84th Congress, 1st Session, by increasing fees relating to registration periods beginning after December 31, 1955, in conformity with the provision of the Independent Offices Appropriation Act, 1952, that agencies should recover the aggregate cost of registration and licensing "to the full extent possible," and to this extent should be made effective as soon as possible in the public interest. Registration fees are deposited in the Treasury as general receipts and are not available for expenditure by the Department of Agriculture. The amendments also consolidate into § 1.11 those provisions of present § 1.12 related to fees for duplicates of registration certificates. This change is administrative in nature and will not affect the rights or obligations of any person subject to the regulations. Accordingly, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other public procedure with respect to the latter change are unnecessary, and good cause is found for making the amendments effective less than 30 days after publication in the FEDERAL REGISTER.

(Sec. 8a, as added by sec. 10, 49 Stat. 1500, as amended; 69 Stat. 535; 7 U. S. C. 12a)

GOA STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. If a GOA instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made in accordance with the specified minimum altitudes (MSAs) and altitudes in this particular area or as set forth below. Positive identification must be established with the ground controller. From initial contact with GOA, final authorized landing minimums, the instructions of the GOA controller are mandatory except when (A) visual reference with ground is established on final approach or before descent to the authorized landing minimums or (B) at pilot's discretion if it appears desirable to discontinue the approach.

City and State; airport name elevation; effective date	Radar terminal area; maneuvering altitudes by sectors and limiting distances	Ceiling and visibility minimums						Except when the ground controller may direct otherwise prior to final approach, a missed approach procedure shall be executed as provided below when (a) communication on final approach is lost for more than 5 seconds; (b) directed by ground controller; (c) visual reference is not established upon descent to the authorized landing minimums; or (d) landing is not accomplished

PART 610—MINIMUM EN ROUTE IFR ALTITUDES

ALTERATIONS

The minimum en route IFR altitudes appearing hereinafter have been coordinated with interested members of the industry in the regions concerned insofar as practicable. The altitudes are adopted without delay in order to provide for safety in air commerce. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 610 is amended as follows: (Listed items to be placed in appropriate sequence in the sections indicated.)

1. In § 404.604 (b), line 9, delete the comma following the word "officer"
2. In § 404.612 (b), line 4, insert the word "commences" following the word "section"

PART 422—STATEMENTS OF PROCEDURE

Part 422 of Title 20, Code of Federal Regulations (20 CFR 422.1 et seq.), is amended to read as follows:

Subpart A—Bureau of Old-Age and Survivors Insurance

- Sec.
422.1 Procedures of the Bureau of Old-Age and Survivors Insurance.
422.2 Inspection of official records.

Subpart B—Office of the Appeals Council

- 422.6 Procedures of the Appeals Council.
422.7 Inspection of official records.

AUTHORITY: §§ 422.1 to 422.7 issued under sec. 1102, 49 Stat. 647, as amended; 42 U. S. C. 1302. Interpret or apply sec. 205, 49 Stat. 624, as amended, sec. 218, 64 Stat. 514; 42 U. S. C. 405, 418.

SUBPART A—BUREAU OF OLD-AGE AND SURVIVORS INSURANCE

§ 422.1 *Procedures of the Bureau of Old-Age and Survivors Insurance—(a) Account and identification numbers—*

(1) *Individual's account number* (i) The Bureau maintains a record of the earnings reported for each individual. Every individual who has a social security account receives a social security account number card. The individual's name, together with the number on his card, identifies his account so that the wages or self-employment income reported on informational returns can be properly posted to his record. The form which an individual uses to apply for an account number is Treasury Department Form SS-5 "Application for Social Security Account Number."

(ii) Any person who wishes to file an application for an account number may

do so by filing Form SS-5. Form SS-5 may be obtained at any social security district office. Upon request, the district office will distribute Forms SS-5 to labor or other representative organizations. All post offices, except the main post office in cities having a social security district office, supply Forms SS-5 on request. Except in cities having a social security district office, the United States Employment Service offices will upon request furnish applicants for jobs and unemployment compensation Forms SS-5. Form SS-5 is available also from district directors of internal revenue.

(iii) The social security district offices will assign an account number to an applicant on the basis of a completed Form SS-5. If it appears probable that an account number has been previously established for any applicant, his application is checked against the central files located in the Division of Accounting Operations, Bureau of Old-Age and Survivors Insurance, Candler Building, Baltimore 2, Maryland. In such case, if the applicant states that he needs a social security card at once, the district office prepares and gives to the applicant Form OAAAN-5028 Temporary Unnumbered card.

(iv) As soon as it is determined that no account has been previously established for an applicant, the district office prepares and delivers Form OA-702, Account Number Card. The card shows the applicant's name and the number of his social security account.

(v) The Division of Accounting Operations uses the Forms SS-5 and duplicate copies of the Forms OA-702 to establish the necessary records for the maintenance of individual records of earnings. The duplicate copies of Form OA-702 are sent to State employment security offices which want them for use in establishing a numerical file of account numbers in that office. Form SS-5 is retained by the Division of Accounting Operations for use in identifying the individual to whom the account number is assigned.

(vi) In the event that a social security card is lost or damaged, an individual may obtain a duplicate card bearing the same account number. Any social security district office will issue a duplicate card at once upon presentation by an individual of the lower portion of the account number card previously issued to him.

(vii) An individual may obtain a duplicate account number card by submitting a properly completed Form SS-5, Application for Social Security Account Number, noted "Duplicate Requested" to any district office or to the Division of Accounting Operations, Baltimore 2, Md. A facsimile Form SS-5 is attached to Form Letter OAAAN-L7012, sent to applicants by district offices in response to a letter requesting a duplicate card, if the letter contains insufficient identifying information. If an individual is in urgent need of a duplicate account number card, any district office will assist him in preparing a telegram to the Division of Accounting Operations, giving the necessary identifying information. Upon receipt of the request, the Division of Accounting Operations makes an immediate

search for the account number and notifies the individual by telegram "collect" of the results of the search. If a previously assigned account number is located, the district office will issue a duplicate account number card. If no previously assigned number can be found, the district office will assign a new account number.

(viii) Form OAAAN-7003, Request for Change in Your Social Security Records, should be completed by any person who wishes to correct or change the information he submitted previously. These may be obtained from any district office, from the Division of Accounting Operations, or from one of the sources mentioned earlier where Forms SS-5 may be obtained. The completed request for change in records may be submitted to any office of the Bureau.

(2) *Employer's identification number.*

(i) For every State or instrumentality of two or more States which enters into an agreement with the Secretary of Health, Education, and Welfare under section 218 of the Social Security Act, the Division of Accounting Operations assigns an employer's identification number to each State and each political subdivision or each instrumentality included in the agreement. The Division sends to the appropriate official of the State or instrumentality a Form OAR-S14, "Notice of Employer Identification Number," for each number assigned, and where appropriate, Form OAR-5002, "Register of Employer Identification Numbers Issued," covering all the numbers assigned to the State or its political subdivisions.

(ii) For all employers other than States, political subdivisions, or instrumentalities, identification numbers are issued by district directors of internal revenue and the appropriate procedures will be found in the Internal Revenue Service sections of the Code of Federal Regulations.

(b) *Records of earnings—(1) Maintenance of records of earnings.* (i) District Offices furnish employers with information on the established methods for insuring correct and complete reporting.

(ii) If an employer reports an employee without an account number, the Division of Accounting Operations corresponds with the employer regarding each of the incompletely reported earnings items. The employer is asked to furnish the missing account number or other identifying information. When an employer is unable to furnish the employee's account number or satisfactory identifying information and does furnish an address for the employee, the Division of Accounting Operations corresponds with the employee and requests him to furnish the necessary information so that the earnings reported may be properly posted to his account. For self-employment earnings items reported without an account number, the Division of Accounting Operations corresponds with the self-employed individual to obtain the missing account number.

(iii) If an employer reports an employee under an account number or name different from that shown on the employee's account number card and the

Division of Accounting Operations is unable to identify the employee from its records, correspondence is initiated with the employer regarding such unidentified incorrectly reported earnings items. When an employer is unable to furnish the corrected information and does furnish an address for the employee, the Division of Accounting Operations corresponds with the employee requesting him to furnish the necessary information so that the earnings reported may be properly posted to his account. When self-employment earnings items are reported with an incorrect name or account number and the Division of Accounting Operations is unable to identify the individual from its records, correspondence is initiated with the self-employed individual.

(iv) If an employer or self-employed individual fails to reply to the Division of Accounting Operations' correspondence regarding incompletely or incorrectly reported earnings items, copies of such correspondence are forwarded to the district office servicing the employer or self-employed individual. The copy of the correspondence is used by the district office in making an educational contact with the employer or self-employed individual to improve his reporting practices, to improve his response to correspondence received from the Division of Accounting Operations, and to secure the necessary information.

(v) The Division of Accounting Operations also corresponds with employers when the employer continually reports an employee under the same incorrect identifying information. In such cases, if the employer fails to correct his records on the basis of correspondence received from the Division of Accounting Operations, the district office servicing the employer's address is asked to make a personal call on the employer.

(2) *Statements of earnings.* An individual may obtain a statement of earnings recorded in his old-age and survivors insurance account by filling out and mailing Form OAR-7004, Request for Statement of Earnings, or by a signed written request giving his social security account number and date of birth addressed to Bureau of Old-Age and Survivors Insurance, Candler Building, Baltimore 2, Md. Upon receipt of this form or the required letter, the Bureau forwards to the individual a Form OAR-7014, Statement of Amounts Recorded in Your Old-Age and Survivors Insurance Account, containing the requested information. The Form OAR-7014 will show a grand total of earnings reported to date, the total for each of the last three complete years, and the amount of earnings reported since the last complete year. Itemized statements of earnings will not be furnished unless the itemization is needed for purposes related to Title II of the Social Security Act.

(3) *Wage discrepancies.* (i) If an individual disagrees with statement of earnings credited to his social security account he may request a revision by executing Form OAR-7008, Statement of Employment and Self-Employment. These forms may be obtained at any district office or from the Bureau of Old-

Age and Survivors Insurance, Candler Building, Baltimore 2, Md. Upon receipt of this form the Bureau will initiate an investigation of his records of earnings.

(ii) District offices are authorized to investigate questions of coverage raised by individuals and requests for revision of records of earnings which cannot be resolved through examination of the Division of Accounting Operations records. In conducting such investigations, district office representatives may request employers and employees to submit information concerning the employment in question. On the basis of information submitted, the district office may determine, subject to review, whether the employment is covered by the Social Security Act. In the event that earnings cannot be established on the basis of the records of the employer, the district office will accept earnings evidence on behalf of the employee and will determine, subject to review, whether the evidence is sufficient to establish payment of the alleged earnings.

(iii) When self-employment income is involved, district offices will contact the self-employed individual to determine whether or not an income tax return (schedule Ca) had been filed or if the self-employed activity was covered under the provisions of the Social Security Act. From these contacts, the district office may advise the individual to contact the District Director of Internal Revenue and file a tax return; that his self-employment activity was not covered; to submit evidence of having filed a tax return; and of action to be taken to establish his self-employment income.

(iv) After the field investigation has been completed, and the results reviewed by the Division of Accounting Operations, the Bureau notifies the individual of the status of his record of earnings. The individual will also be informed of any determinations with respect to earnings or coverage questions which arose from the investigation and of his right to a reconsideration, hearing, or appeal.

(v) Form OAR-L5069, Letter Advising Employee of an Adverse Adjustment to His Account, is addressed to the employee to notify him of the adverse adjustment received subsequent to the issuance of the statement of earnings previously sent to him. The employee is requested to notify the Bureau if he disagrees with the adjustment to his account. This notice of disagreement must be received by the Bureau before the elapsed 6 months subsequent to the date indicated on the letter or within three years, two months, and 15 days after the year to be adjusted, whichever is later.

(4) *Compensation credited under the Railroad Retirement Act combined with earnings received for employment covered by the Social Security Act in certain cases.* Under certain circumstances, compensation credited under the Railroad Retirement Act is combined with earnings received for employment covered by the Social Security Act for the purpose of determining insurance benefits under Title II of the Social Security Act to railroad employees who have less than 10 years of railroad employment

and to certain dependents and survivors of such employees. Where railroad employees have 10 years or more of railroad employment, such compensation and earnings will be combined under certain conditions to determine insurance benefits under Title II for certain survivors of such employees. Procedure has been established whereby the Bureau and the Railroad Retirement Board exchange information regarding earnings and compensation.

(c) *Claims procedure.* (1) The district offices provide local facilities for the public to file claims and to obtain assistance in perfecting them. To become entitled to any benefit or payment or to a recomputation of benefits, the appropriate application form, which can be obtained from any district office, must be filed with a Bureau office. (See §§ 404.601 and 403.701 of this chapter.) The application forms and related forms used by the public to file claims are as follows:

1. OA-C1, Application for Old-Age Insurance Benefits.
2. OA-C1.1, Application for Recomputation of Benefits.
3. OA-C1.2, Application for Recomputation of Primary Insurance Amount Based on Additional Work Since 1950.
4. OA-C1.4, Application for Recomputation of Primary Insurance Amount Based on Presumed Work Deductions Under a Retroactive State Agreement.
5. OA-C2, Application for Wife's Insurance Benefits.
6. OA-C3, Husband's Certification (this form must accompany the wife's application, Form OA-C2 above).
7. OA-C4, Application for Insurance Benefits for Child of Living Wage Earner or Self-Employed Person.
8. OA-C5, Application for Survivors Insurance Benefits (to be used by applicant for widow's benefits, mother's benefits, children's benefits).
9. OA-C6, Application on Behalf of Child for Survivors Insurance Benefits.
10. OA-C7, Application of Parent for Survivors Insurance Benefits.
11. OA-C8, Application for Lump-Sum Death Payment.
12. OA-C10, Application for Widow's or Widower's Insurance Benefits (to be used where widow or widower had previously filed for monthly benefits or a lump-sum on the same account).
13. OA-C11, Application for Substitution of Payee (for use when substitute payee files application to receive insurance benefits on behalf of self, minor child, or incompetent beneficiary).
14. OA-C12, Application by Divorced Wife for Mother's and Child's Insurance Benefits.
15. OA-C13, Application for Widower's Insurance Benefits.
16. OA-C14, Application for Husband's Insurance Benefits.
17. OA-C15, Wife's Certification (this form must accompany the husband's application, form OA-C14, above).
18. OA-D801, Application to Establish a Period of Disability.

(2) In addition to filing the appropriate application form, the claimant must establish by satisfactory evidence the material allegations in his application, except as to earnings shown in the Bureau's records. (See §§ 404.701 et seq. of this chapter.) Claims application forms, instructions, report forms, and forms for the various proofs necessary to support the claims are available to the public in district offices, itinerant

stations, and resident stations. These offices assist claimants in preparing their applications and in obtaining the proofs required to support their claims. Claims adjudicated in the district offices are reviewed by one of the six area offices of the Bureau. Applications filed with the Railroad Retirement Board shall be deemed filed with the Bureau as of the date such forms were filed with the Railroad Retirement Board where compensation credited under the Railroad Retirement Act is considered in determining entitlement and the amount of benefits payable under the Social Security Act. The area office notifies claimants of the action taken on their claims, informing them at the same time of their right to a reconsideration, hearing, or appeal.

(3) The district offices also provide facilities for the public to file applications to establish a period of disability and to obtain assistance in perfecting these applications. To establish a period of disability an individual must file with a Bureau office an application form (OA-D801, Application to Establish a Period of Disability). In addition, the applicant must submit satisfactory medical evidence to support his claim for a disability determination. Determinations of disability are initially made by a designated State agency if the agency has entered into an appropriate agreement with the Secretary of Health, Education, and Welfare, and the case of the applicant is not in a class of individuals excluded from such an agreement. The Division of Disability Operations will make the determination of disability if the individual is in a State which has no agreement with the Secretary or is in a class or classes of individuals not included in the agreement of his State, or is outside the United States. When an applicant is already receiving OASI benefit, the appropriate area office will notify him of the action taken on his application for a disability determination, and the effect, if any, on his benefit amount informing him at the same time of his right to a reconsideration, hearing, or appeal. The area office will also notify all beneficiaries who may be receiving benefits on the account number of the applicant. In cases where the applicant is not entitled to OASI benefits, the Division of Disability Operations will notify him of the action taken on his application for a disability determination.

(4) Legislation enacted in 1946 extends protection of the survivors provisions of the Social Security Act in certain instances to survivors of servicemen who served in World War II and who died within 3 years after a discharge occurring prior to July 27, 1951. In addition, under the 1950 amendments to the act, wage credits of \$160 for each month or fraction thereof are allowed, in certain cases, for periods of active military or naval service during World War II (September 16, 1940, to July 24, 1947) in determining entitlement to and computing monthly benefits for months after August 1950. Also, the 1952, 1953, 1954, and 1955 amendments provide similar wage credits of \$160 for each month of active service beginning with

the end of World War II through March 31, 1956. This applies to monthly benefits for months after August 1952. These wage credits are determined at the time of application for benefits and are not made part of the records of earnings.

(5) Recipients of monthly benefits are obligated to report to the Bureau the occurrence of certain events which suspend or terminate benefits. A post card, Form OA-C611a, for reporting these events is given the claimant at the time he files application for benefits. Additional ones may be obtained from any district office.

(d) *Reconsideration and hearing.* Provisions regarding requests for reconsideration of Bureau determinations are contained in §§ 404.901, 403.707 and 403.708 of this chapter. Provisions regarding requests for hearing with respect to Bureau determinations are contained in §§ 404.901, 403.707 and 403.709-403.711a, inclusive, of this chapter. Such requests may be filed with any Bureau office.

§ 422.2 *Inspection of official records.* Section 1106 of the Social Security Act prohibits disclosure of any official records except as prescribed by regulations of the Secretary of Health, Education, and Welfare. Circumstances under which disclosure may be made are set out in Part 401 of this chapter.

SUBPART B—OFFICE OF THE APPEALS COUNCIL

§ 422.6 *Procedures of the Appeals Council—(a) Request for hearing by referee.* A claimant who is dissatisfied with a determination of the Bureau of Old-Age and Survivors Insurance of the Social Security Administration may file a request for a hearing of his case before a referee of the office of the Appeals Council. This request may be made on Form AC-501, Request for Hearing, which may be obtained at any referee's office or any office of the Bureau. Instead of executing the form, the request for hearing may be made by an informal letter. The executed form or informal letter may be filed at or mailed to any office of the Bureau or the office of any referee or the office of the Appeals Council. The request must be made within 6 months from date of mailing of notice of the Bureau's initial determination or within 3 months from date of mailing of notice of the Bureau's reconsidered determination. This time may be extended by a referee upon a showing of good cause.

(b) *Hearing by referee.* The referee holds a hearing, upon 10 days' notice to the claimant unless such notice is waived, at a place reasonably convenient to a claimant. A stenographic record of the testimony taken at the hearing is made. This record is not transcribed except where necessary in the judgment of the referee or where required by law. The referee may render a decision or certify the case to the Appeals Council in Washington for decision. In either case the claimant is furnished with a copy of the decision.

(c) *Review of referee's decision by Appeals Council.* If a claimant is dissatisfied with the referee's decision he may file a request for review of the decision

by the Appeals Council in Washington. This request may be made on Form AC-520, Request for Review of Referee's Decision, which may be obtained at any referee's office or office of the Bureau, or the request for review may be made by an informal letter. The request may be filed at or mailed to any referee's office, any office of the Bureau, or the office of the Appeals Council in Washington. Such request must be made within 30 days after the date of mailing of the referee's notice of decision. It is within the discretion of the Appeals Council to grant or deny the request for review. If it denies the request the referee's decision stands as the final decision of the Department of Health, Education, and Welfare. If the request for review is granted the Appeals Council renders a decision either with or without the taking of further evidence. The Appeals Council also renders a decision in cases which are certified to it by a referee.

(d) *Judicial review.* A claimant may secure a court review of a decision by a referee, if the Appeals Council has denied the claimant's request for review, or of a decision by the Appeals Council by instituting a civil action in the United States District Court of his residence. Such action must be filed within 60 days of the Appeals Council's notice of denial of request for review of the referee's decision or notice of decision by the Appeals Council. This time may be extended by the Appeals Council upon a showing of good cause.

(e) *Where detailed procedural regulations are located.* Detailed procedural regulations relating to the work of the office of the Appeals Council may be found in Regulations No. 3 (Part 403 of this chapter) which have, by reference, been made a part of § 404.901 of Regulations No. 4 (Part 404 of this chapter), under the following subjects and section numbers.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 3—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

LABELING OF DRUG PREPARATIONS CONTAINING SALICYLATES

By authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 701 (a) 52 Stat. 1055, 21 U. S. C. 371 (a)) and delegated to the Commissioner of Food and Drugs by the Secretary (20, F. R. 1996) and pursuant to the provisions of the Administrative Procedure Act (sec. 3, 60 Stat. 237, 238; 5 U. S. C. 1002) the following statement of interpretation is issued:

§ 3.43 *Labeling of drug preparations containing salicylates.* (a) Because salicylate preparations enjoy widespread use as analgesics and such articles are ordinarily not toxic in the amounts required for producing an analgesic action, they are frequently regarded by the public as harmless. Actually, salicylates are capable of causing injury and even death when consumed in excessive quantities. Salicylate preparations have caused a number of deaths through accidental misuse by both adults and children, which might have been avoided had the users been aware of their potential hazards.

(b) On the basis of a study and conclusions by the Medical Advisory Panel on the Accidental Ingestion and Misuse of Salicylate Preparations by Children, under date of February 14, 1955, and in the interest of protecting the public health, the following recommendations are made concerning the labeling that should be employed for salicylate preparations to meet the requirements of section 502 (f) (1) and (2) of the Federal Food, Drug, and Cosmetic Act.

(1) The labels of all packages of salicylate preparations that are labeled with directions for use should bear, clearly visible and in bold-face type, some such statement as one of the following:

(i) "Warning—Keep out of the reach of children" or

(ii) "Warning—Keep this and all medications out of the reach of children."

(2) In lieu of specific dosage recommendations for children under three years of age, the labeling of salicylate preparations for oral use should bear a statement such as: "For children under 3 years of age, consult your physician."

(c) The labeling recommendations in paragraph (b) of this section are applicable to preparations containing aspirin, salicylamide, salicylic acid and its salts, and other salicylic acid derivatives used as analgesics, except as provided in paragraph (d) of this section.

(d) To the extent shown in this paragraph, the labeling recommendations of paragraph (b) of this section do not apply to the following preparations.

(1) Paragraph (b) (1) of this section does not apply to wintergreen oil subject to § 3.35.

(2) Paragraph (b) (1) of this section does not apply to effervescent salicylate preparations since such preparations do not lend themselves to accidental use or overdosage.

(3) Paragraph (b) (1) and (2) of this section does not apply to preparations of para-aminosalicylic acid and its salts, which are not labeled with directions for use as analgesics.

(e) This statement in no way exempts salicylate preparations from complying in all other respects with the requirements of the Federal Food, Drug, and Cosmetic Act.

(f) Copies of the recommendations adopted by the Medical Advisory Panel on the Accidental Ingestion and Misuse

of Salicylate Preparations by Children, which convened on February 14, 1955, may be obtained from the Department of Health, Education, and Welfare, Food and Drug Administration, upon request.

(g) Six months will be allowed for modification of existing labeling to comply with this statement.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interprets or applies sec. 502, 52 Stat. 1050, as amended; 21 U. S. C. 352)

Dated: October 11, 1955.

958950	Parts, n. e. c., specially fabricated for watches.

This part of the amendment shall become effective as of 12:01 a. m., October 6, 1955.

b. The following commodities are deleted from the list of commodities:

Dept. of Commerce Schedule B No.	Commodity
487150	Bags of any size and shape made of film, foil or plastic, for use as primary containers for packaging less than 25 pounds of any commodity, or bags used as liners for other containers irrespective of capacity.

¹ This amendment was published in Current Export Bulletin No. 766, dated October 6, 1955.

This part of the amendment shall become effective as of 12:01 a. m., October 13, 1955, except that with respect to any commodities removed from General License GHK, shipments which were on dock for lading, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., October 13, 1955, may be exported under the previous General License GHK provisions up to and including November 5, 1955. Any such shipment not laden aboard the exporting carrier on or before November 5, 1955, requires a validated license for export.

2. Section 373.2 *Confirmation of country of ultimate destination and verification of actual delivery, paragraph (a) Scope* is amended by adding a footnote symbol following the word "Austria" in subparagraph (1) (ii) and a footnote relating thereto to read as follows:

* Also see § 373.66 for requirement of Austrian Identification Number.

3. Section 373.66 *Austria* is amended to read as follows:

§ 373.66 *Austria*.¹ (a) Each applicant for a license to export commodities to Austria shall show in the import permit number item on the Application for Export License (Form IT- or FC-419), the Austrian import identification number on which the application is based. These numbers run in series from 1,000 to 339,999 inclusive, and in all instances will be preceded by the letters "IKN".

However, the Bureau of Foreign Commerce will consider the granting of an exception to this requirement where the ultimate consignee is unable to furnish the U. S. exporter with the Austrian Import Identification Number and the granting of an exception will not be contrary to the objectives of the United States export control program. The Bureau of Foreign Commerce may waive the requirement where it is shown that the inability of the foreign importer to provide the required information was due to discrimination against the U. S. exporter by the foreign government or for any other valid reason of similar importance.

(b) Each request for exception shall be by letter, in duplicate, accompanying the license application to which it applies, addressed to the Bureau of Foreign Commerce, Department of Commerce, Washington 25, D. C. The letter request should include, among other things, (1) the nature and duration of the business relationship between the applicant and the importer shown on the license application; (2) the reason or reasons for the foreign importer's inability to obtain the Austrian Import Identification number from his government; (3) a statement as to whether the exporter has previously submitted to the Bureau of Foreign Commerce any Austrian Import Identification numbers issued in the name of the

¹ Also see § 373.2 for requirement for submission of import certificate.

importer and a listing of Bureau of Foreign Commerce Case Numbers to which such certificates applied; and (4) any other facts which would justify the granting of an exception. The applicant should also attach to his letter request, or have on file in the Bureau of Foreign Commerce, a statement from the consignee and purchaser in accordance with § 373.65. No request will be considered or granted unless such statement is submitted or is on file in the Bureau of Foreign Commerce.

(c) Where the letter request relates to more than one license application, whether submitted at the same time or at a later date, the original letter request

shall be attached to one application and a copy of the letter request shall be attached to each additional application to which it is equally applicable. Any application to which a copy of the letter request is attached shall contain a reference (Bureau of Foreign Commerce Case Number, if known, or applicant's reference number) to the application to which the original letter request was attached.

IRISH POTATOES GROWN IN MODOC AND SISKIYOU COUNTIES IN CALIFORNIA AND IN ALL COUNTIES IN OREGON EXCEPT MALHEUR COUNTY

NOTICE OF PROPOSED EXPENSES AND RATE OF ASSESSMENT

Notice is hereby given that the Secretary of Agriculture is considering the approval of the expenses and rate of assessment hereinafter set forth, which were recommended by the Oregon-California Potato Committee, established pursuant to Marketing Agreement No. 114, as amended, and Order No. 59, as amended (7 CFR Part 959; 20 F. R. 7068), regulating the handling of Irish

potatoes grown in Modoc and Siskiyou Counties in California and in all counties in Oregon except Malheur County, issued under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Consideration will be given to any data, views, or arguments pertaining thereto, which are filed in triplicate with the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., not later than 15 days following publication of this publication of this notice in the FEDERAL REGISTER. The proposals are as follows:

§ 959.208 *Expenses and rate of assessment.* (a) The reasonable expenses that are likely to be incurred by the Oregon-California Potato Committee, established pursuant to Marketing Agreement No. 114, as amended, and Order No. 59, as amended, to enable such committee to perform its functions pursuant to the provisions of aforesaid amended marketing agreement and order, during the fiscal period ending June 30, 1956, will amount to \$26,100.

(b) The rate of assessment to be paid by each handler, pursuant to Marketing Agreement No. 114, as amended, and Order No. 59, as amended, shall be one-half of one cent (\$0.005) per hundred-weight of potatoes handled by him as the

first handler thereof during said fiscal period.

(c) The terms used in this section shall have the same meaning as when used in Marketing Agreement No. 114, as amended, and Order No. 59, as amended (§§ 959.1 to 959.88; 20 F. R. 7068)

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c).

S. D. JOHNSON

NOTICE OF APPLICATION AND DATE OF HEARING

OCTOBER 10, 1955.

Take notice that S. D. Johnson (Applicant) independent producer of natural gas, with a principal office in Denver, Colorado, filed on September 13, 1954, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces natural gas from the Sandusky Field, Grayson County, Texas, which is sold in interstate commerce to Texas Natural Gasoline Corporation and H. W. Bass & Sons, Inc., for resale to Lone Star Gas Company.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's Rules of Practice and Procedure, a hearing will be held on November 23, 1955, at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of section 1.30 (c) (1) or (2) of the Commission's Rules of Practice and Procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the Rules of Practice and Procedure (18 CFR 1.8 or 1.10) on or before November 9, 1955. Failure of any party to appear at and participate in the hear-

HOPE NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

OCTOBER 10, 1955.

Take notice that Hope Natural Gas Company, a West Virginia corporation (Applicant) with a principal office in Clarksburg, West Virginia, filed on May 9, 1955, an application for permission to abandon service pursuant to section 7 of the Natural Gas Act, authorizing Applicant to terminate service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

The application recites that Applicant proposes to abandon an existing service being rendered to South Penn Natural Gas Company under Applicant's sale contract No. 124, and relating to natural gas being produced from Applicant's well No. 8987 on the Martha Pauley, et al, lease, the volumes from which are sold in the interstate commerce to South Penn Natural Gas Company for resale. Abandonment of service is allegedly due to well depletion although the small volumes of gas continuing to flow from the well will be taken and marketed by Pipe Lane Construction and Drilling Company under agreement with Pipe Lane Construction and Drilling Company. Applicant and South Penn have mutually agreed to the termination of service.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's Rules of Practice and Procedure, a hearing will be held on November 22, 1955, at 9:40 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of section 1.30 (c) (1) or (2) of the Commission's Rules of Practice and Procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the Rules of Practice and

NORTHERN NATURAL GAS CO.

ORDER REOPENING AND CONSOLIDATING
PROCEEDINGS FOR A HEARING

On August 15, 1955, the Presiding Examiner filed an initial decision in Docket No. G-2409 involving an application by Northern Natural Gas Company (Northern) for a certificate of public convenience and necessity pursuant to the Natural Gas Act to construct facilities for the purpose of making a sale of natural gas to Northern States Power Company for its own use in a power plant. Northern, on September 6, 1955, filed exceptions to this decision and a motion for oral argument before the Commission. Prior thereto, on August 29, 1955, the National Coal Association, et al. interveners filed a motion for oral argument in the event exceptions were filed to the initial decision.

Subsequently, Northern filed on September 12, 1955, a supplemental application in Docket Nos. G-2399, G-2458, G-2465, G-4259, G-4260 and G-4261, for a certificate of public convenience and necessity pursuant to the Natural Gas Act to construct facilities for the sale of gas to (1) existing customers, (2) the cities of Duluth, Minnesota, and Superior, Wisconsin, and certain towns along the route of the proposed pipeline, (3) the cities of Aberdeen, South Dakota, and certain towns along the route of the proposed pipeline, (4) Allied Chemical & Dye Corporation, at La Platte, Nebraska, and (5) certain other towns along its existing system.

This additional service represents an increase in contract demand of 93,789

Mcf of gas to be supplied from existing sources, and the question of availability of gas, when consideration is given to the subsequently filed supplemental application is further enlarged. Any determination at this time of Docket No. G-2409 might prejudice later determination of the service proposed in the supplemental application which hearing will be held in the near future.

The Commission finds: It is in the public interest that the Commission on its own motion reopen the proceeding in Docket No. G-2409, and consolidate said docket with Docket Nos. G-2399, G-2458, G-2459, G-4260 and G-4261, for the purpose of permitting the parties to introduce further evidence relating to the applications that may be pertinent, and enable consideration by the Commission of all of the above applications at one time. Further, the above motions for oral argument should be denied.

The Commission orders:

(A) The proceedings in Docket No. G-2409 be and the same hereby are reopened.

(B) The proceedings in Docket Nos. G-2409, G-2399, G-2458, G-2465, G-4259, G-4260 and G-4261, be and the same hereby are consolidated for the purpose of hearing, to be held at a time to be hereafter fixed by the Commission.

(C) The aforesaid motions for oral argument be and the same hereby are denied.

¹ The stated effective date is the first day after expiration of the required 30 days' notice, or the effective date proposed by Applicant if later.

The increased rates and charges proposed in the aforesaid filing have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

¹ Commissioner Digby dissenting.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed changes, and that the above-designated supple-

ment be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-964]

NATIONAL AVIATION CORP.

NOTICE OF FILING OF APPLICATION FOR
EXEMPTION OF TRANSACTIONS

OCTOBER 10, 1955.

Notice is hereby given that National Aviation Corporation ("National"), a registered closed-end, non-diversified investment company, has filed an application pursuant to sections 10 (f) and 17 (b) of the Investment Company Act of 1940 ("Act") for an order of the Commission (1) exempting from the provisions of section 10 (f) of the Act the proposed purchase by National of not to exceed 5,000 shares of the 243,469 shares of Preference Stock, -- percent Series of 1955, \$100 par value ("preferred

stock") to be issued by United Aircraft Corporation ("United") and (2) exempting from the provisions of section 17 (a) of the Act the sale to National of shares of such preferred stock by Hornblower & Weeks.

United, a manufacturer of aircraft equipment, proposes to issue pro rata to its common stockholders rights in the form of transferable warrants to subscribe for 243,469 shares of preferred stock to be issued by United. It is expected that such warrants will be admitted to trading on the New York Stock Exchange. The shares of preferred stock which are not subscribed for are to be underwritten and offered publicly by a syndicate of underwriters, of which the firm of Hornblower & Weeks is expected to be a principal underwriter. National proposes to purchase not to exceed 5,000 shares of the preferred stock (in addition to 1,013 shares to which it will be entitled to subscribe as a holder of approximately 0.4 percent of the common stock of United) either (a) by the purchase of warrants on the New York Stock Exchange at the market price and their exercise at the subscription price; or (b) from Hornblower & Weeks or any of the other underwriters at the public offering price upon the public offering of the shares; or (c) by a combination of such means.

National states that Charles S. Sargent, a director of National, is a general partner in the firm of Hornblower & Weeks. Since Sargent is, by definition under the Act, an affiliated person of National and of Hornblower & Weeks, the latter is an affiliated person of an affiliated person of National. Section 10 (f) of the Act provides, among other things, that no registered investment company shall knowingly purchase or otherwise acquire, during the existence of any underwriting or selling syndicate, any security (except a security of which such company is the issuer) a principal underwriter of which is a person of which a director of such registered investment company is an affiliated person, unless the Commission by order grants an exemption therefrom. Section 17 (a) of the Act provides, among other things, that it shall be unlawful for an affiliated person of an affiliated person of a registered investment company, acting as principal, knowingly to sell any security to such registered investment company, with certain exceptions not pertinent here, unless the Commission by order pursuant to Section 17 (b) grants an exemption from such prohibition.

The Commission may by order upon application grant an exemption from the provision of section 10 (f) of the Act if and to the extent that such exemption is consistent with the protection of investors. The Commission shall upon application pursuant to section 17 (b) of the Act grant an exemption from the provisions of section 17 (a) if it finds that the terms of the proposed transaction, including the considerations to be paid, are reasonable and fair and do not involve overreaching on the part of any person concerned, that the proposed transaction is consistent with the policy of each registered investment company

concerned, as recited in its registration statement and reports filed under the Act, and is consistent with the general purposes of the Act.

United has filed a registration statement under the Securities Act of 1933 covering the proposed offering of 243,469 shares of its preferred stock. National states that it understands that the subscription price, dividend rate, conversion rate, and other terms of the preferred stock will be fixed immediately prior to the distribution of the subscription rights to the common stockholders of United of record at the close of business on October 18, 1955, with the subscription rights to expire as of the close of business on November 1, 1955, at which time the underwriters will purchase and offer publicly the unsubscribed shares of preferred stock. The terms and conditions of the offering and the underwriting discount or commission will be arrived at through negotiations between United and the underwriters which, the applicant believes, will be at arm's length.

Notice is further given that any interested person may, not later than October 21, 1955, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the Rules and Regulations promulgated under the Act.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[Rev. S. O. 562, Taylor's L. C. C. Order 61]

MACKINAC TRANSPORTATION Co.

DIVERSION AND REROUTING OF TRAFFIC

In the opinion of Charles W. Taylor, Agent, The Mackinac Transportation Company, account of an accident to car ferry, which caused the Mackinaw City and St. Ignace, Michigan car ferry to be removed from service for repairs, is unable to transport traffic offered to it for movement over the said car ferry. It is ordered, That:

(a) Rerouting traffic: The Mackinac Transportation Company, and its connections, being unable to transport traffic offered to it for movement over the Mackinaw City and St. Ignace, Michigan car ferry, account car ferry out of service due to accident, is hereby authorized to divert and reroute such traffic over any available route to expedite the movement regardless of the routing shown on the waybill. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving roads to be obtained: The railroad desiring to divert or reroute traffic under this order shall confer with the proper transportation officer of the railroad or railroads to which such traffic is to be diverted or rerouted, and shall receive the concurrence of such other railroads before the rerouting or diversion is ordered.

(c) Notification to shippers: Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carrier's disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date: This order shall become effective at 8:00 a. m., October 10, 1955.

(g) Expiration date: This order shall expire at 11:59 p. m., October 20, 1955, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., October 10, 1955.
